AN AMERICAN VIEWPOINT

In view of the sundry suggestions which have been advanced that Canada should cancel, or at least sharply restrict, all tourist travel from the United States during the hostilities in Europe, the following extract from a letter received by the British Columbia Government Travel Bureau is interesting:

"Any country that, while in the midst of a great war, can invite others to come to her playgrounds, and in such a casual and matter of fact manner, need never fear defeat at the hands of any hydrophobic dictator. I only hope my country may see its way to give increasing support to Britain and France, and immediately."

The letter is from a gentleman who announces his plans to visit British Columbia with his family this summer.

Six young people came from Pender, and Galiano was very well represented.

"Sonny" Ralph of Saturna supplied the music on his accordion, assisted by a young lady from Pender who accompanied him on the piano during the evening.

The lucky ticket on a box of home cooking kindly donated by Mrs. James Hume, was drawn by A. Cayzer and won by Mrs. Manuel of Vancouver.

"STANLEY AND LIVINGSTONE" AT THE REX

"Find Livingstone!"
Seventy years ago, James Gordon Bennett barked these words at his crack reporter, Henry M. Stanley.

It was apparently the most hopeless assignment in all journalism. No one but a mad man would brave the terrors of unknown Africa to hunt for a missionary-explorer from whom no word had come in two years.

How Stanley found Livingstone, how the world called the newspaperman "the most colossal liar of his age," and how he later became the greatest hero of his era, is the story of the 20th Century-Fox production of "Stanley and Livingstone." It will be shown on Friday and Saturday, this week, in the Rex Theatre, Ganges, an important event for Ganges and a notable occasion for the Gulf Islands.

More than a thrilling adventure story, the screen by Philip Dunne and Julien Josephson presents Livingstone's remarkable rescue to be "rescued" when Stanley arrived. The newspaperman stayed with the missionary to get his story and the contact with a great soul changed him completely. A profound story of human experience is "Stanley and Livingstone"—extraordinary, outstanding screen fare.

Bush Fire On Mount Breaks Out Sunday

Members of the North Saanich Volunteer Fire Brigade answered a call to a bush fire which broke out about 3 o'clock Sunday morning, June 23rd, on G. E. Haul's property, King's Road, Mount Newton.

Fortunately a swamp nearby provided an ample supply of water and with 600 feet of hose out the blaze was brought under control. At 11:10 at night, however, the fire again came to life in some manner, possibly from a smouldering dead root, and the brigade again responded to the alarm. This time guards were placed to watch throughout the night after the flames had apparently been extinguished.

The brigade complains that motorists failed to give the right-of-way in some instances on their way to the outbreak of fire, which is contrary to law. When a fire truck sounds its siren all motorists should pull off the road. Another complaint is the driving of the truck by citizens who happen to get to the fire hall a jump ahead of the fire boys. It is pointed out that the fire brigade is insured and that non-brigade drivers run a risk in case of accident.

CHURCHES OF CHRIST SCIENTIST
Sunday, June 30th

"CHRISTIAN SCIENCE" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.

The Golden Text is: "The prophecy came not in old time by the will of man; but holy men of God spake as they were moved by the Holy Ghost (II Peter 1: 21)."

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "And looking round about upon them all he said unto the man. Stretch forth thy hand. And he did so: and his hand was restored whole as the other" (Luke 6: 10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Today there is hardly a city, village, or hamlet, in which are not to be found living witnesses and monuments to the virtue and power of Truth, as applied through this Christian system of healing disease."

British Columbia
Presents The
Big Bend Highway

"Something old, something new... This year British Columbia presents the new Big Bend section of the Trans-Canada Highway around the headwaters of the great Columbia River from Revelstoke to Golden, 193 miles of scenic wonderland. The Highway is new but rich in associations with the old, when the Big Bend of the Columbia was the thoroughfare of the Fur Brigades, and Boat Encampment the rendezvous for all the traffic of trail and waterway.

THIS YEAR
SEE BRITISH COLUMBIA
"The Vacationland that has Everything."
